Glasswalls Porch Enclosures

Glasswalls porch enclosures are unique 3-lite glass and full screen window units designed specifically for year-round porch living. They can provide 30% or more ventilation area than ordinary windows and patio doors. Over the past 60 years, Glasswalls porch enclosure windows have been installed in tens of thousands of homes throughout the United States and Canada.

Some of the unique features of Glasswalls porch enclosures include:

- Completely assembled wooden frames are made of clear pine that is preservative treated to protect from rotting.
- Available in several standard stock unit sizes, as well as special order custom sizes.
- Each operating sash is glazed with tempered safety glass and offers a variety of ventilation settings.
- Full-length screens with durable 18 x 14 fiberglass mesh effectively keep out unwanted insects.
- Optional glass storm panel interchanges with screen for additional warmth during the cold winter months.

Covered by the Mon-Ray Ten (10) Year Limited Product Warranty that is non-prorated and fully transferable.
